RE: Correction to Regulation 11, 5 CCR 1002-11, Tracking Number 2023-00022

Dear Ms. Maiolo:

On November 14, 2022, amendments to Regulation No. 11 regarding Colorado's Primary Drinking Water Regulations were adopted by the Water Quality Control Commission, and pursuant to § 24-4-103(11)(d), C.R.S., the amended regulations, together with the Attorney General's opinion, were submitted to the Secretary of State on November 30, 2022, under Tracking Number 2022-00297. In the adopted rules, a typographical/clerical error has been discovered where the effective date for the most recent Statement of Basis, Specific Statutory Authority and Purpose was inadvertently left blank, whereas it should be listed as January 14, 2023. These changes are to become effective as soon as possible.

Pursuant to the rulemaking provisions of the Colorado Administrative Procedures Act, clerical errors may be corrected upon submission of a request by the agency. § 24-4-103(11)(d)(II), C.R.S.

I have reviewed these errors and have determined that they are non-substantive. I respectfully request that you make these corrections to the above-referenced rules. An appropriate corrective document has been provided.

**PHILIP J. WEISER**  
Attorney General
