6 CCR 1015-8, Service Grants for the Dental Assistance Program

January 16, 2013

Findings and Statement of Reason for Action

The Board finds that immediate adoption of these emergency rules to Service Grants for the Dental Assistance Program is imperatively necessary for the dental treatment of eligible low-income seniors and to prevent loss of funds during the current fiscal year's grant cycle, FY 2012-13. Seniors in need of dental care will be unable to receive needed care and funding for this program could be lost without the proposed emergency rule changes. These emergency rule changes are promulgated pursuant to Section 25-21-105, C.R.S. (2012).
