

Dedicated to protecting and improving the health and environment of the people of Colorado

To: Members of the State Board of Health

From: Lorraine Dixon-Jones, Policy Analyst, Health Facilities and Emergency Medical

Services Division

Through: Randy Kuykendall, MLS, Division Director, Health Facilities and Emergency Medical

Services Division, DRK

Date: April 24, 2017

Subject: Proposed Amendments to 6 CCR 1011-1, Standards for Hospitals and Health

Facilities, Chapter 22, Birth Centers with a request for a rulemaking hearing to be

set for July 19, 2017

The Department is proposing comprehensive amendments to its regulations regarding birth centers to ensure that standards reflect current practice. Important components of the birth center model of care that are addressed in the proposed regulations include:

- Services are for low risk pregnancies that do not require extensive medical interventions such as those available in a hospital.
- Clients are oriented to the level of services available at the center, which include prenatal, intrapartum and postpartum care. Clients are made aware of the types of services that birth centers do not provide, including anesthesia other than local anesthesia.
- Twenty-four hour, seven day access to a care provider.
- Facilities must provide their clients with continuous risk assessment during the course
 of the pregnancy and during labor and delivery. Client needs outside of scope of the
 birth center practice will be addressed through consultation by the clinical staff with
 other providers, referral of clients to other providers, or transfer of the clients to a
 hospital.
- Intrapartum care by clinical staff during labor and delivery.
- Discharge process that involves provision of or counselling about state mandated newborn screening.

Division personnel and stakeholders met monthly from September through March to arrive at consensus regarding these proposed rule amendments. The stakeholder group included representation from birth centers, the Colorado Hospital Association, the Department of Regulatory Agencies, and the Department of Health Care Policy and Financing. In addition to the amendments being based on stakeholder comment, they are also informed by research on regulations in other states and standards established by the American Association of Birth Centers and the Commission for the Accreditation of Birth Centers.

STATEMENT OF BASIS AND PURPOSE AND SPECIFIC STATUTORY AUTHORITY for Amendments to 6 CCR 1011-1, Standards for Hospitals and Health Facilities, Chapter 22 - Birth Centers

Basis and Purpose.

Birth centers are facilities that serve clients with low risk pregnancies, i.e., pregnancies for which the client's medical history demonstrates an expected normal and uncomplicated course of pregnancy and labor. The entire regulatory chapter for birth centers has been revised to enhance the safety and well-being of clients. While most of the revisions clarify and enhance existing requirements, some amendments delete obsolete provisions and others establish new requirements. Examples of changes are shown below.

Examples of Deleted Provisions

- The requirement that certified nurse midwives (CNMs) have "a backup agreement with a physician who will accept calls and referrals" has been deleted. This provision became obsolete when the Nurse Practice Act was changed to allow CNMs to practice independently.
- Currently, the regulations specify high risk factors that preclude eligibility to birth center care, such as certain levels of hypertension. Since these specifications can become outdated when medical standards change, they are being deleted and replaced with provisions that require facilities to establish risk factors based on national standards of birth center care. This allows facility practices to evolve with changes in professional practices.

Examples Enhanced Provisions

- Existing regulations require the facilities to have agreements with emergency medical services providers. The amendments broaden this standard to require facilities to have a plan for both emergency and non-emergency transfers.
- Existing provisions require either a clinical director or a delegated committee to be responsible for the quality of care. The amendments specify that clinical services must be under the supervision of a clinical director (rather than a delegated committee) - since stakeholders indicated that this is current practice. In addition, the clinical director will be responsible for the coordination of all professional medical consultants to the facility.

Examples of New Provisions

Birth centers will be required to:

- Establish an emergency preparedness plan for events such as fire or loss of utilities.
- Have individualized discharge plans that include follow up visits.

In addition, the entire chapter has been reformatted to more closely align with the regulatory chapters of other facility types, such as ambulatory surgical centers.

These rules are promulgated pursuant to the following statutes: Section 25-1.5-103, C.R.S., (2016) and Section 25-3-101, C.R.S. (2016).

	•
Is this rulemaking due to a change	e in state statute?
Yes, the bi X No	II number is Rules are authorized required.

Yes X No	
Does this rulemaking incorporate	materials by reference?
X Yes No	If "Yes," the rule needs to provide the URL of where the material is available on the internet (CDPHE website recommended) or the Division needs to provide one print or electronic copy of the incorporated material to the State Publications Library. § 24-4-103(12.5)(c), C.R.S.
Does this rulemaking create or mo	odify fines or fees?
Yes X No	

REGULATORY ANALYSIS for Amendments to 6 CCR 1011-1, Standards for Hospitals and Health Facilities, Chapter 22 - Birth Centers

1. A description of the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.

Birth centers and the clients served will be affected. Facilities will bear the costs of the proposed rule, as will clients, if costs are passed on to them. The facilities will benefit from the removal of obsolete provisions and the updating of the requirements to reflect current standards of practice.

2. To the extent practicable, a description of the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons.

The quantitative effects are expected to vary, dependent on the extent that birth centers must change their current operating procedures. Clients will benefit from enhanced safety requirements.

3. The probable costs to the agency and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.

The Department will have to amend its inspection processes to reflect the new provisions; however it is expected that costs will be absorbed within the existing budget. There are no anticipated effects on state revenues.

4. A comparison of the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

There have been several narrowly focused revisions to Chapter 22 within the past 5 years prompted by the need to conform to changes in statute. However the last time that portions of practice standards were updated to reflect current practice was in 1996. As such, the proposed rule represents a comprehensive revision of all of the requirements. Unclear, obsolete as well as outdated provisions create undue burden to facilities. In addition, new requirements are designed to more comprehensively safeguard the well-being of clients.

5. A determination of whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule.

No less costly or intrusive methods were encountered during the stakeholder process or through policy research.

6. Alternative Rules or Alternatives to Rulemaking Considered and Why Rejected.

During the stakeholder process, various amendments were discussed and rejected either due to lack of consensus or insufficient statutory authority to address them. For example, some stakeholders wanted to include direct entry mid-wives as part of the clinical staff. Direct entry midwives (DEMs) are regulated through a registration process by the Department of Regulatory Affairs (DORA). Both the authorizing statute and the DORA rules

for these service providers refer to DEM services as being provided in the "home," as shown below.

Statute: Section 12-37-102(3) C.R.S. "Direct-entry midwifery" or "practice of direct-entry midwifery" means the advising, attending, or assisting of a woman during pregnancy, labor and natural childbirth at home, and during the postpartum period in accordance with this article.

Regulation: 4 CCR 739-1(5)(E)At least one home visit shall be made during the third trimester to assure that environmental conditions are appropriate, supplies are procured, and birth participants are prepared for the home birth.

The department advised the stakeholders to seek a statutory and/or a regulatory change clarifying the authority of these providers to serve in locales other than the "home." Since, to date, changes have not been made to either the statute or DORA rules, this stakeholder recommendation has not been incorporated in these licensure rules.

7. To the extent practicable, a quantification of the data used in the analysis; the analysis must take into account both short-term and long-term consequences.

There are 5 birth centers in the state with the labor and delivery capacity ranging from 3 to 4 beds. To be licensed as a birth center the center must be a free standing facility that is not a hospital, attached to a hospital or in a hospital. Birth centers provide an alternative along the continuum of care for low risk pregnancies.

STAKEHOLDER COMMENTS for Amendments to 6 CCR 1011-1, Standards for Hospitals and Health Facilities, Chapter 22 - Birth Centers

State law requires agencies to establish a representative group of participants when considering to adopt or modify new and existing rules. This is commonly referred to as a stakeholder group.

Early Stakeholder Engagement:

The following individuals and/or entities were invited to provide input and included in the development of these proposed rules:

- Representatives from all the licensed birth centers of the state
- Colorado Chapter of American College of Nurse Midwives
- Colorado Midwives Association
- The Colorado Medical Society
- Elephant Circle
- Prospective birth centers
- Architects working with prospective birth centers
- Colorado Chapter of American Colorado of Obstetricians and Gynecologists
- Prevention Services Division, CDPHE
- Hazardous Materials and Waste Management Division, CDPHE
- Department of Regulatory Agencies
- Department of Health Care Policy and Financing
- Colorado Hospital Association

Stakeholder Group Notification

The stakeholder group was provided notice of the rulemaking hearing and provided a copy of the proposed rules or the internet location where the rules may be viewed. Notice was provided prior to the date the notice of rulemaking was published in the Colorado Register (typically, the 10th of the month following the Request for Rulemaking).

X	Not applicable. This is a Request for Rulemaking Packet. Notification will occur if
	the Board of Health sets this matter for rulemaking.
	Yes.

Summarize Major Factual and Policy Issues Encountered and the Stakeholder Feedback Received. If there is a lack of consensus regarding the proposed rule, please also identify the Department's efforts to address stakeholder feedback or why the Department was unable to accommodate the request.

The stakeholders achieved consensus on the model of care for birth centers -which is distinct from the services provided in hospitals-as well as the revisions, since they conform with this model.

Please identify health equity and environmental justice (HEEJ) impacts. Does this proposal impact Coloradoans equally or equitably? Does this proposal provide an opportunity to advance HEEJ? Are there other factors that influenced these rules?

It is anticipated that this proposal impacts Coloradoans equitably since the proposal requires facilities to have policies and procedures for admission and client care that are culturally

competent and address the social determinants of health in accordance with national standards for midwifery care.

Such incorporation, however, excludes later amendments to or editions of the referenced 45 material. Pursuant to 24-4-103 (12.5), C.R.S., the Health Facilities Division of the Colorado Department of Public Health And Environment maintains copies of the incorporated texts in their entirety which shall be 46 47 available for public inspection during regular business hours at:

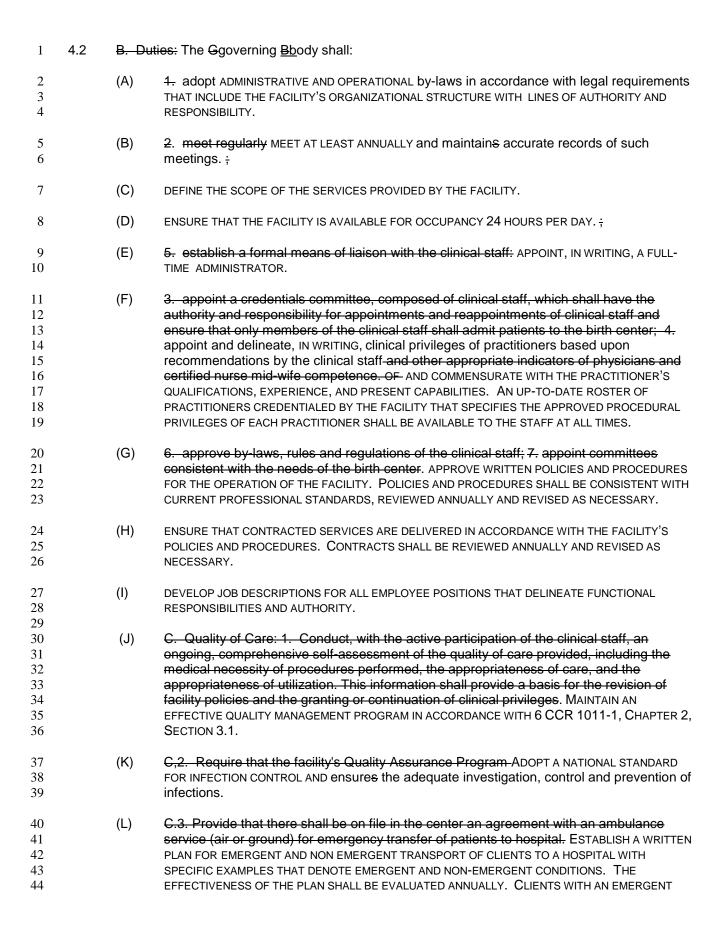

Division Director 1 2 Colorado Department of Public Health and Environment 3 **Health Facilities Division** 4 4300 Cherry Creek Drive South 5 Denver, Colorado 80222-1530 6 Main switchboard: (303) 692-2800 7 Certified copies of material shall be provided by the division, at cost, upon request. Additionally, any 8 material that has been incorporated by reference after July 1, 1994 may be examined in any state 9 publications depository library. Copies of the incorporated materials have been sent to the state publications depository and distribution center, and are available for interlibrary loan. 10 11 **SECTION 2 - DEFINITIONS** 12 Birth Center - Any public or private health facility or institution which is not licensed as a hospital or as 13 part of a hospital and provides care during delivery and immediately after delivery for generally less than 14 15 twenty-four hours. "BIRTH CENTER" MEANS A FREESTANDING FACILITY LICENSED BY THE DEPARTMENT THAT IS 16 NOT A HOSPITAL, ATTACHED TO A HOSPITAL, OR IN A HOSPITAL WHICH PROVIDES PRENATAL, LABOR, DELIVERY AND 17 POSTPARTUM CARE TO LOW RISK PREGNANT PERSONS AND THE NEWBORNS. CARE DURING DELIVERY AND 18 IMMEDIATELY AFTER DELIVERY SHALL BE GENERALLY LESS THAN TWENTY-FOUR HOURS. IV B. Definition: "Certified Nurse-Midwife" "CERTIFIED NURSE MIDWIFE" (CNM) MEANS AN ADVANCED 19 PRACTICE - a professional nurse licensed in the state of Colorado who is educated in the two disciplines of 20 21 nursing and midwifery, who possesses evidence of certification according to the requirements of the 22 American College of Nurse-Midwives MIDWIFERY CERTIFICATION BOARD. 23 24 "CLIENT" MEANS A PERSON RECEIVING PRENATAL, INTRAPARTUM, AND POSTPARTUM SERVICES. UNLESS THE 25 CONTEXT DICTATES OTHERWISE, CLIENT ALSO MEANS AN INFANT RECEIVING NEWBORN CARE SERVICES FROM THE 26 FACILITY. 27 28 "FACILITY" MEANS A BIRTH CENTER. 29 30 "INTRAPARTUM" MEANS PERTAINING TO THE PERIOD OF LABOR AND BIRTH. 31 32 "LOW RISK PREGNANCY" MEANS EXPECTED NORMAL, UNCOMPLICATED PRENATAL AND INTRAPARTUM COURSE 33 ASSISTED BY ADEQUATE PRENATAL CARE AND PROSPECTS FOR A NORMAL UNCOMPLICATED BIRTH BASED ON 34 CONTINUAL SCREENING FOR PRENATAL HIGH RISK FACTORS. PRENATAL HIGH RISK FACTORS SHALL PRECLUDE 35 ELIGIBILITY FOR ADMISSIONS AS WELL AS CONTINUED SERVICES AT THE FACILITY. 36 "MEDICAL WASTE" MEANS WASTE THAT MAY CONTAIN DISEASE CAUSING ORGANISMS SUCH AS DISCARDED 37 38 SURGICAL GLOVES, SHARPS, BLOOD, HUMAN TISSUE, PRODUCTS OF CONCEPTION; OR WASTE THAT MAY CONTAIN 39 CHEMICALS THAT PRESENT POTENTIAL HEALTH HAZARDS SUCH AS PHARMACEUTICAL WASTE AND LABORATORY 40 WASTE. 41 42 I. LICENSE 43 A. Birth Center shall meet all the requirements specified in chapter II and this Chapter XXII of the Colorado Department of Health Standards for Hospitals and Health Facilities. 44 **SECTION 3 - RESERVED** 45 SECTION 4 - II. GOVERNING BODY 46 47 4.1 A. Responsibility: The governing body shall be responsible for the overall operation and

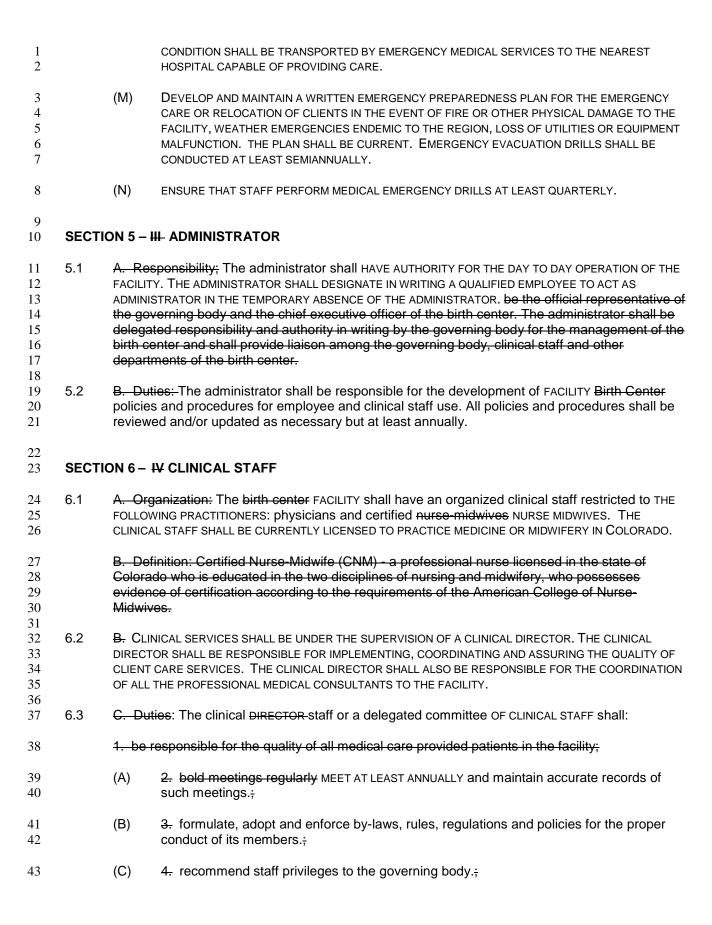

MANAGEMENT OF THE FACILITY. THE GOVERNING BODY A Governing Body shall provide ADEQUATE

facilities, personnel and services necessary for the welfare and safety of the patients-CLIENTS.

48

49

(D) 1 5. establish formal liaison with the governing body.; 2 (E) 6. participate actively in the quality assurance MANAGEMENT program. (F) 7. recommend admission and procedure policies and procedures FOR ADMISSION AND 3 CLIENT CARE to the governing body. Such Policies and Procedures Shall address 4 5 CULTURAL COMPETENCY AND THE SOCIAL DETERMINANTS OF HEALTH, IN ACCORDANCE WITH 6 NATIONAL STANDARDS FOR MIDWIFERY CARE. D. Clinical Staff Requirements: 7 8 Each staff physician shall be licensed to practice medicine in the state of Colorado and 9 provide proof. 10 Each certified nurse-midwife shall be licensed as a professional nurse and show proof. Any physician applying for privileges at the birthing center must demonstrate hospital 11 12 admitting privileges for patients who develop complications. 13 Any certified nurse-midwife applying for privileges must provide proof of a back-up agreement with a physician who will accept consultation calls and referrals from the CNM 14 24 hours a day. Proof of hospital admitting privileges of the back-up physicians must be 15 submitted. 16 17 A physician or certified nurse mid-wife shall be present at each birth and until the woman and newborn are stable postpartum. A second person in addition to the above, who is a 18 registered nurse with adult and infant resuscitation skills, shall be present during the 19 20 delivery. 21 A certified nurse-midwife or registered nurse with adult and infant resuscitation skills shall 22 be present at the birthing center at all times when a patient is present. Additional and 23 sufficient personnel shall be provided when more than one woman is in active labor. 24 6.4 PRACTITIONER CONSULTATIVE SERVICES BY INDIVIDUALS SUCH AS ADVANCED PRACTICE NURSES, FAMILY MEDICINE PRACTITIONERS, OBSTETRICIANS, AND PEDIATRICIANS SHALL BE AVAILABLE TO CLINICAL STAFF 25 COMMENSURATE WITH THE SCOPE OF SERVICES PROVIDED BY THE FACILITY. AN UP-TO-DATE ROSTER OF 26 27 PROFESSIONAL MEDICAL CONSULTANTS SHALL BE AVAILABLE TO THE STAFF AT ALL TIMES. 28 SECTION 7 - V. MEDICAL RECORDS HEALTH INFORMATION MANAGEMENT 29 30 7.1 A. Facilities: The center FACILITY shall provide sufficient space and equipment for the processing 31 and the safe storage OF HEALTH INFORMATION records. RECORDS SHALL BE MAINTAINED AND STORED 32 OUT OF DIRECT ACCESS OF WATER, FIRE, AND OTHER HAZARDS TO PROTECT THEM FROM DAMAGE AND 33 LOSS. A RECORDS RECOVERY OR BACKUP SYSTEM SHALL BE UTILIZED TO ENSURE THAT THERE IS NO 34 LOSS OF HEALTH INFORMATION RECORDS. 7.2 B. Personnel: A person knowledgeable in HEALTH INFORMATION the management of Medical 35 36 Records shall be responsible for the proper administration and functioning of the medical records 37 section PROTECTION OF HEALTH INFORMATION. 38 7.3 C. Security: Medical records shall be protected from loss, damage and unauthorized use. THE 39 FACILITY SHALL STORE HEALTH INFORMATION IN A MANNER THAT PROTECTS CLIENT PRIVACY AND CONFIDENTIALITY AND ALLOWS FOR RETRIEVAL OF RECORDS IN A TIMELY MANNER. 40

1	7.4	D. Pr	eservation: RETENTION
2 3 4 5 6		(A)	With the exception of HEALTH INFORMATION medical records of minors (individuals under the age of 18 years) medical records shall be preserved as original records, or on microfilm, OR ELECTRONIC FORMAT for no less than ten SEVEN years after the most recent patient CLIENT care usage-ENCOUNTER, after which time records may be destroyed at the discretion of the facility.
7 8		(B)	1. Medical HEALTH INFORMATION records of minors shall be preserved for the period of minority plus 10 years.
9 10			2. Facilities shall establish procedures for the notification to patients whose records are to be destroyed prior to the destruction of such records.
11 12			3. The sole responsibility for the destruction of all medical records.shall be in the facility involved.
13 14			4. Nothing in this section shall be construed to affect the requirements for the destruction of public records as set out in Part 1 of Article 80 of Title 24, C.R.S.
15 16	E. Co		he medical records shall contain sufficient accurate information to justify the diagnosis and nt the treatment and end results including, but not limited to:
17		1.	complete patient identification and a unique identification number;
18		2.	admission and discharge dates;
19		3	chief complaint and admission diagnosis;
20		4.	medical history and physical examination completed prior to birth;
21		5	diagnostic tests, laboratory and x-ray reports when appropriate;
22		6.	progress notes if appropriate;
23 24 25		7.	properly executed informed consent which shall be obtained prior to the onset of labor and shall include evidence of an explanation by personnel of the birth services offered and the potential risks;
26 27		8.	patient's s condition on discharge, final diagnosis and instructions given patient for follow- up care of patient and child;
28 29		9.	obstetrical records shall include in addition to the requirements for medical records the following:
30 31 32			 a. prenatal care record containing at least a hemoglobin or hematocrit, urine screening, prenatal blood serology, RH factor determination, rubella titre, past obstetrical history and physical examination;
33 34			 b. labor and delivery record, including reasons for induction and operative procedures if any;
35 36			c. records of anesthesia and analgesia and medication given in the course of labor, delivery and postpartum.

1	7.5	GENER	RAL CONTENT					
2 3 4		(A)	TIME O	ETE HEALTH INFORMATION RECORDS SHALL BE MAINTAINED ON EVERY CLIENT FROM THE FREGISTRATION FOR SERVICES THROUGH DISCHARGE. ALL ENTRIES INTO THE RECORD BE DATED, TIMED, AND SIGNED BY THE APPROPRIATE PERSONNEL.				
5 6 7 8 9		(B)	BY THE AND EN PROMP THE CL	DERS FOR DIAGNOSTIC PROCEDURES, TREATMENTS AND MEDICATIONS SHALL BE SIGNED CLINICAL STAFF OR OTHER AUTHORIZED LICENSED PRACTITIONERS SUBMITTING THEM ITERED IN THE RECORD IN INK OR TYPE, AS A FACSIMILE, OR BY ELECTRONIC MEANS. THE T COMPLETION OF THE HEALTH INFORMATION RECORD SHALL BE THE RESPONSIBILITY OF INICAL STAFF. AUTHENTICATION MAY BE BY WRITTEN SIGNATURE, IDENTIFIABLE INITIALS MPUTER KEY.				
11 12 13		(C)	INFORM	ECORD SHALL CONTAIN ACCURATE DOCUMENTATION OF SIGNIFICANT CLINICAL MATION PERTAINING TO THE CLIENT AND NEWBORN SUFFICIENTLY DETAILED AND IIZED IN SUCH A MANNER TO ENABLE:				
14			(1)	ANOTHER PRACTITIONER TO ASSUME CARE OF THE CLIENT OR NEWBORN AT ANY TIME.				
15 16			(2)	EVALUATION OF THE QUALITY OF CLIENT CARE BY THE QUALITY MANAGEMENT PROGRAM.				
17 18			(3)	THE CLINICAL STAFF TO UTILIZE THE RECORD TO INSTRUCT THE CLIENT AND FAMILY MEMBERS.				
19 20			(4)	THE CLINICAL STAFF TO DETERMINE HIGH RISK FACTORS THROUGHOUT THE PREGNANCY, LABOR, DELIVERY AND POSTPARTUM PERIOD.				
21	7.6	CONTE	NT OF AD	DULT CLIENT RECORD				
22		(A)	THE RE	ECORDS OF ADULT CLIENTS SHALL CONTAIN, BUT NOT BE LIMITED TO:				
23 24 25			(1)	IDENTIFICATION DATA INCLUDING HISTORY, PHYSICAL EXAMINATION, AND RISK ASSESSMENTS, INCLUDING PSYCHOSOCIAL INFORMATION. EACH CLIENT SHALL HAVE A UNIQUE MEDICAL RECORD IDENTIFICATION NUMBER.				
26 27			(2)	EXECUTED INFORMED CONSENT(S) WHICH SHALL BE OBTAINED PRIOR TO THE ONSET OF LABOR.				
28 29			(3)	ALL LABORATORY TESTING RESULTS, INCLUDING BUT NOT LIMITED TO, TEST RESULTS FOR RUBELLA SCREENING AND RH FACTOR.				
30 31			(4)	CLINICAL OBSERVATIONS, INTERVENTIONS, AND MEDICATIONS ADMINISTERED DURING PRENATAL CARE, LABOR AND DELIVERY, AND IMMEDIATE POSTPARTUM CARE.				
32			(5)	MEDICAL ORDERS AND, IF APPLICABLE, CONSULTATIVE REPORTS.				
33			(6)	COMPLICATIONS, REFERRALS, AND TRANSFERS.

THE SOCIAL, MEDICAL, OBSTETRIC, FETAL AND/OR NEONATAL RISK FACTORS WHICH DE PERSONS FROM THE LOW-RISK INTRAPARTUM GROUP SHALL BE CLEARLY DELINEATED NUALLY REVIEWED AND UPDATED AS APPROPRIATE.

1 2	(B)	THE CRITERIA USED TO EVALUATE RISK STATUS SHALL BE APPLIED FOR EACH CLIENT DURING THE ENTIRE COURSE OF CARE DELIVERED BY THE FACILITY.
3 4	(C)	PRENATAL CARE IN ACCORDANCE WITH CURRENT STANDARDS OF PRACTICE SHALL BE A PREREQUISITE FOR ADMISSION.
5	C. Prohibitio	ns from Birth Center Delivery:
6	(A)	1. Medical limitations:
7		a. current drug or alcohol addiction;
8		b. paraplegia, quadraplegics;
9		c. hypertensives on medications;
10		d. hypertension over 140/90;
11		e. diabetes (insulin dependent or gestational);
12 13		f. history of significant deep vein thrombophlebitis or any thrombophlebitis with this pregnancy;
14		g. severe anemia (hct. below 30 at admission);
15		h. epileptics on medication;
16		i. mental impairment that would interfere with the ability to follow directions;
17		j. morbid obesity (100% over ideal body weight).
18	(B)	2. Obstetrical Limitations:
19		a. grand multiparity (over five births);
20 21		 b. previous birth of a baby with serious congenital anomaly of a probably repeating type that cannot be excluded through antenatal evaluation;
22		c. suspected congenital anomaly;
23		d. previous Cesarean delivery;
24		e. preeclampsia;
25		f. multiple gestation;
26		g. intrauterine growth retardation or macrosomia;
27		h. documented oligohydramnios or polyhdramnios;
28		i. abnormal fetal surveillance studies;
29		j. fetal presentation other than vertex;
30		k. rising antibody titre of any type that is known to affect fetal well-being;

1			l. all f	RH sensitizations;
2			m. się	gnificant third trimester bleeding of unexplained cause;
3			n. ne	ed for induction of labor (no induction allowed);
4			o. ne	ed for general or conduction anesthesia;
5			p. ne	ed for C-section (no C-sections allowed);
6			q. pla	acental abnormalities (previa or abruptio) which might threaten the neonate I;
7			r. kno	own or suspected active genital herpes at the time of admission;
8			s. pre	emature labor (before 37 weeks) or postmaturity (after 42 weeks);
9 10			t. any	other condition or need which will adversely affect the health of the mother or infant during pregnancy, labor, birth, or the immediate postpartum period.
11	9.4	Disch	ARGE PL	ANNING
12 13		(A)		DIVIDUALIZED DISCHARGE PLAN SHALL BE COMMUNICATED TO THE CLIENT AND RECORDED CLIENT'S CHART. THE DISCHARGE PLAN SHALL INCLUDE:
14 15			(1)	INFORMATION ABOUT FOLLOW UP VISITS. A FOLLOW UP VISIT SHALL BE SCHEDULED PRIOR TO DISCHARGE.
16 17 18 19 20			(2)	REFERRALS FOR CONTINUITY OF CARE FOR BOTH THE CLIENT AND NEWBORN. THE FACILITY SHALL PROVIDE THE RELEVANT PORTIONS OF THE NEWBORN RECORDS TO THE CLIENT. UPON REQUEST BY THE CLIENT OR THE PEDIATRIC CARE PROVIDER, THE FACILITY SHALL PROVIDE A COPY OF THE NEWBORN RECORDS TO THE PEDIATRIC CARE PROVIDER.
21 22 23 24		(B)	CLIEN	ACILITY SHALL PROVIDE A LIST OF AVAILABLE COUNSELORS AND COUNSELING SERVICES TO TS KNOWN TO BE CONSIDERING RELINQUISHING OR TERMINATING PARENTAL RIGHTS. THE HALL ALSO BE PROVIDED TO ANY OTHER FAMILY OR SUPPORT PERSON DESIGNATED BY THE T.
25 26		(C)		ACILITY SHALL FILE BIRTH CERTIFICATES WITH THE STATE REGISTRAR IN ACCORDANCE SECTION 25-2-112, C.R.S.

28	SECTION 17 XII. – HOUSEKEEPING SERVICES

1 2 3 4 5	17.1	A. Organization: Each facility shall provide housekeeping services which ensure a pleasant, safe and sanitary environment. The facility shall be kept clean and orderly. If the facility contracts with an outside vendor to provide housekeeping services, there shall be a written agreement regarding the services and the facility shall be ultimately responsible for quality control of the contractor.
6 7 8	17.2	B. Written Policies and Procedures: Appropriate \underline{W} ritten policies and procedures shall be established and followed which ensure adequate cleaning and/or disinfection of the physical plant FACILITY and equipment.
9 10 11	17.3	C. Storage: All cleaning materials, solutions, cleaning compounds and hazardous substances shall be properly identified and stored in a safe place ACCORDANCE WITH MANUFACTURER'S INSTRUCTIONS.
12 13	17.4	D. Rubbish and Refuse Containers: All rubbish and refuse WASTE containers in treatment CLIENT CARE areas shall be impervious, lined and clean.
14	17.5	E. Handwashing: All personnel shall wash their hands immediately after handling refuse WASTE.
15	SECTIO	N 18 – XIII. LAUNDRY AND LINENS
16 17	18.1	THE FACILITY SHALL MAKE ARRANGEMENTS FOR THE CLEANING OF LINEN AND LAUNDRY EITHER ON THE PREMISES OR PER CONTRACTUAL ARRANGEMENT.
18 19	18.2	THE FACILITY SHALL DEVELOP AND IMPLEMENT WRITTEN POLICIES AND PROCEDURES FOR THE HANDLING, STORAGE AND TRANSPORTING OF CLEAN AND SOILED LINEN THAT PREVENTS CONTAMINATION.
20 21 22	18.3	LINEN SHALL BE CLEANED IN A MANNER THAT PREVENTS CONTAMINATION AND LAUNDRY CHEMICALS SHALL BE USED IN ACCORDANCE WITH MANUFACTURER'S INSTRUCTIONS. LINEN SHALL BE MAINTAINED IN GOOD REPAIR.
23 24 25	18.4	A FACILITY WITH LAUNDRY SERVICE ON THE PREMISES SHALL HAVE SPACE AND EQUIPMENT FOR THE SAFE AND EFFECTIVE OPERATION OF A LAUNDRY SERVICE. THERE SHALL BE DISTINCT AREAS FOR THE SEPARATE STORAGE AND HANDLING OF CLEAN AND SOILED LINENS.
26	Writter	n provisions shall be made for the proper handling of linens and washable goods.
27 28 29	A. Out	side Laundry: Laundry that is sent out shall be sent to a commercial or hospital laundry. A contract for laundry services performed by commercial laundries for birth centers shall include these standards.
30 31	B. Sto	rage: If soiled linen is not processed on a daily basis, a separate, properly ventilated storage area shall be provided.
32 33	C. Pro	cessing: The laundry processing area shall be arranged to allow for an orderly progressive flow of work from the soiled to the clean area.
34 35 36 37	D. Wa	shing Temperatures: The temperature of water during the washing process shall be controlled to provide a minimum temperature of 165° F. for 25 minutes or 130° F. if the soap/detergent supplier will verify that their products will work effectively at that lower temperature. A label indicating same shall be affixed to the laundry machine.
38 39	E. Pac	kaging: The linens to be returned from the outside laundry to the facility shall be completely wrapped or covered to protect against contamination.

F. Soiled Linen Transportation; Soiled linen shall be enclosed in an impervious bag and removed from 1 2 surgery units after each procedure. 3 G. Soiled Linen Carts; Carts, if used to transport soiled linen, shall be constructed of impervious materials, cleaned and disinfected after each use. 4 H. Clean Linen Storage: Adequate provisions shall be made for storage of clean linen. 5 I. Contaminated Linens: Contaminated linens shall be afforded appropriate special treatment by the 6 7 laundry. 8 J. Procedures: Adequate procedures for the handling of all laundry and for the positive identification and 9 proper packaging and storage of sterile linens must be developed and followed. 10 SECTION 19 - XIV. MAINTENANCE INTERIOR AND EXTERIOR ENVIRONMENT 11 12 A. Written Policies and Procedures: There shall be THE FACILITY SHALL DEVELOP AND IMPLEMENT written policies and procedures for a preventive maintenance program which is implemented to 13 keep the entire-facility and equipment in good repair and to provide for the safety, welfare and 14 comfort of the occupants of the building(s). 15 16 19.2 THE FACILITY SHALL ELIMINATE HAZARDS TO CLIENTS AND VISITORS. IN AREAS ACCESSIBLE TO CHILDREN, 17 ELIMINATION OF HAZARDS SHALL INCLUDE BUT NOT BE LIMITED TO, UNCOVERED ELECTRICAL OUTLETS. 18 XV. PEST CONTROL 19 19.3 A. Pest Control: Adequate written policies and procedures shall be developed and 20 implemented THE FACILITY SHALL DEVELOP AND IMPLEMENT WRITTEN POLICIES AND PROCEDURES TO 21 PROVIDE FOR EFFECTIVE CONTROL AND ERADICATION OF INSECTS AND RODENTS VERMIN. B. Outer Air 22 Openings: All openings to the outer air shall be effectively protected against the entrance of 23 insects and rodents, etc., VERMIN by self-closing doors, closed windows, screens, controlled air 24 currents or other effective means. 25 SECTION 20 - XVI. WASTE STORAGE AND DISPOSAL 26 A. Sewage and Sewer Systems: All sewage shall be discharged into a public sewer system, or if such 27 is not available, shall be disposed of in a manner approved by the Colorado State Department of 28 Health. 29 30 20.1 FACILITIES SHALL MANAGE, TRANSPORT, AND DISPOSE OF MEDICAL WASTE IN ACCORDANCE WITH THE 31 STATE SOLID WASTE REGULATIONS, 6 CCR 1007-2, PART 1. 32 33 20.2 FACILITIES THAT GENERATE WASTE INCLUDING MEDICAL WASTE, SHALL CONDUCT A HAZARDOUS WASTE 34 DETERMINATION IN ACCORDANCE WITH PART 261 OF THE STATE HAZARDOUS WASTE REGULATIONS (6) 35 CCR 1007-3). If the facility generates hazardous waste, it shall manage, transport, and DISPOSE OF SUCH WASTE IN ACCORDANCE WITH 6 CCR 1007-3. 36 37 38 **SECTION 21 XVII. – PHYSICAL PLANT STANDARDS** 39 21.1 Q. Effective July 1, 2013, all birth centers shall be constructed in conformity with the standards adopted by the Director of the Division of Fire Prevention and Control (DFPC) at the Colorado 40 41 Department of Public Safety. For construction initiated or systems installed on or after July 1,

1

2013, that affect patient health and safety and for which DFPC has no applicable standards, each

2 facility shall conform to the relevant section(s) of the Guidelines for Design and Construction of 3 Health Care Facilities, (2010 Edition), Facilities Guidelines Institute. The Guidelines for Design 4 and Construction of Health Care Facilities, (2010 Edition), Facilities Guidelines Institute (FGI), is 5 hereby incorporated by reference and excludes any later amendments to or editions of the Guidelines. The 2010 FGI Guidelines are available at no cost in a read only version at: 6 https://www.fgiguidelines.org/guidelines/2010-edition/read-only-copy/. 7 8 A. Reserved **BIRTHING ROOM** 9 21.2 10 (A) B. Each birthing room shall be maintained in a condition which is adequate and appropriate to provide for the equipment, staff, supplies and emergency procedures 11 required for the physical and emotional care of a mother CLIENT, her support person(s) 12 13 THE CLIENT'S DESIGNATED FAMILY MEMBER OR SUPPORT PERSON, and the newborn during birth, labor and the recovery period. 14 15 1. Birthing rooms shall have at least 120 square feet with a minimum room dimension of 10 feet. (B) 2. Birthing rooms shall be located to provide unimpeded, rapid access to an exit of the 16 17 building which will accommodate emergency transportation vehicles and equipment. 18 (C) A WINDOW IN THE BIRTHING ROOM SHALL NOT BE REQUIRED SOLELY FOR THE PURPOSE OF 19 NATURAL LIGHT. 20 C. Patient toilet and bathing facilities. 21 1. A toilet and lavatory shall be maintained in or adjacent to the vicinity of the birthing room. 22 2. A shower shall be available for mother's CLIENT'S use. 3. All wall, ceiling, floor surfaces, toilets, lavatories, tubs and showers shall be kept clean and in 23 24 good repair. 25 21.3 **DOORS** (A) 26 D. Hallways and Doors providing entry/exit and access into the birthing center FACILITY 27 and birth room(s) shall be of adequate width and/or configuration to accommodate 28 maneuvering of ambulance stretchers and wheelchairs and other emergency equipment. 29 (B) I. Every bathroom door lock shall be designed to permit the opening of the locked door 30 from the outside in an emergency. THE DOORS TO THE TOILETS IN LABOR, DELIVERY AND POSTPARTUM CARE AREAS FOR CLIENT USE SHALL HAVE HARDWARE THAT ALLOWS STAFF 31 32 EMERGENCY ACCESS. E. Water Supply: There shall be an adequate supply of hot and cold running water under pressure for 33 34 human consumption and other purposes which shall be approved by the Colorado Department of 35 Health as meeting the Colorado Primary Drinking Water Regulations, 1981. 36 F. Heating and Ventilation: 37 1. A safe and adequate source of heat capable of maintaning a room temperature of at least 38 72°F. shall be provided and maintained.

1	2. Ventilation shall remove objectionable odors, excessive heat and condensations.
2 3	3. Mechanically operated systems shall be used to supply air to and/or exhaust air from soiled workrooms or soiled holding rooms, janitor's closets, soiled storage areas, toilet rooms,
4	and from spaces which are not provided with openable windows or outside doors. All fans
5	serving exhaust systems shall be located at the discharge end of the system.
3	serving exhaust systems shall be located at the discharge that of the system.
6	G. Food Services:
7	1. When birth center policy provides for allowing the preparation and/or storage of personal food
8	brought in by the patient or families of patients for consumption of that family, there shall
9	be an adequate electric or gas refrigerator and dishwashing facilities.
10	H. Fire Safety and Accident Prevention:
11	1. Emergency numbers shall be located near the telephone.
