PUBLIC NOTICE

April 1, 2011 Release

School Health Services Provider Payments

Effective July 1, 2011, in an effort to reduce overpayments made to the School Health Services Program providers, it is the intent of the Department to set the manually priced procedure codes in that category of service at zero dollars. Interim payments for claims submissions will be reimbursed on a monthly rate based on the provider's prior year actual costs identified in the provider's cost report. Interim payments will be reconciled on an annual basis to the current year actual costs. There is no expected change in annual aggregate expenditures. An updated fee schedule reflecting these rate changes will be sent out to each provider by July 1, 2011 and posted on the Department's Web site at www.colorado.gov/hcpf.
