Subject: [EXTERNAL] False business filing
Date: Friday, December 2, 2022 10:49:08 PM

Greetings,

I found your group's contact info on the SOS website. The business called Annas Kennels, which filed on 11/29 is a phony business that was set up for the purpose of opening a fraudulent business account at USBank in Denver using my stolen identity. My personal bank account was cleared out by the perpetrators of this fraud. The address on the filing of 1222 Adams st is a vacant house listed on Zillow. I discovered the fraud 12/01 and got further information from my bank on 12/02 regarding the phony business filing. I'm the real Anna Schmidt and I live in Minnesota. I want my name removed from this filing. I would suggest address confirmation and identity verification be implemented as part of the business filing process. These steps may have prevented this nightmare I'm currently undergoing.

Thank you,
the REAL Anna Schmidt
