Notice: 2024 Notice of Independent Expenditure Reporting Period - (General Election)

The reporting period for 48-Hour Notice of Independent Expenditure reports as it relates to the General Election on November 5, 2024, begins on Sunday, October 6, 2024, and runs through Monday, November 4, 2024. Section 1-45-107.5(4)(c) C.R.S. requires the filing of a 48-Hour Notice of Independent Expenditure report(s) no later than forty-eight (48) hours after making or obligating moneys for the Independent Expenditure. A 48-Hour Notice of Independent Expenditure report is required when an Independent Expenditure in excess of \$1,000 is made at any time within 30 days before a primary, general, or regular biennial school election. The 48-Hour Notice of Independent Expenditure report is due in addition to regularly scheduled donation and expenditure reports. TRACER, the campaign finance disclosure website, will automatically generate a 48-Hour Notice of Independent Expenditure report upon entry of a qualifying Independent Expenditure. Data entry of Independent Expenditures into TRACER should be completed on the day funds are expended/obligated.

For your convenience, several independent expenditure scenarios have been included below. These scenarios can be used as a guide in determining whether or not a 48-Hour Notice of Independent Expenditure report is required by law. If you need assistance or have additional questions, you can reach Campaign Finance Support by e-mail at cpfhelp@coloradosos.gov, or by telephone at 303-894-2200 (dial 3 then 1).

Note: Only Independent Expenditure Committees are required to file 48-Hour Notice of Independent Expenditure reports.

Note: Anyone, including persons and committees, who makes an independent expenditure in excess of \$1,000 or accepts donation(s) in excess of \$1,000 for the purpose of making independent expenditures, needs to register an Independent Expenditure Committee within two business days of the expenditure and must then file appropriate disclosure reports.

Independent Expenditure Scenarios

Scenario 1: You spend or obligate \$1,250 on an Independent Expenditure on October 5th; are you required to file a 48-Hour Notice of Independent Expenditure report? If so, when is the report due?

Answer: No. A 48-Hour Notice of Independent Expenditure report is not due because the Independent Expenditure was not made or obligated within 30 days of the general election.

Scenario 2: You spend or obligate \$2,550 on an Independent Expenditure on October 11th; are you required to file a 48-Hour Notice of Independent Expenditure report? If so, when is the report due?

Answer: Yes. A 48-Hour Notice of Independent Expenditure report is due because 1) the Independent Expenditure exceeded \$1,000, and 2) the date funds for the Independent Expenditure were spent or obligated occurred within 30 days before the general election. The report is due no later than 11:59 p.m. on October 13th – within 48-hours of the funds being spent or obligated.

Scenario 3: You spend or obligate \$900 for an Independent Expenditure on October 14th; are you required to file a 48-Hour Notice of Independent Expenditure report? If so, when is the report due?

Answer: No. A 48-Hour Notice of Independent Expenditure report is not due because the amount expended or obligated is less than \$1,000.

Scenario 4: You spend or obligate \$400 for an Independent Expenditure on October 17th and then spend or obligate \$750 for another Independent Expenditure on October 28th; are you required to file a 48-Hour Notice of Independent Expenditure report or reports? If so, when is the report or reports due?

Answer: No. Although you spent or obligated funds in excess of \$1,000 for Independent Expenditures within 30 days before the general election, no single Independent Expenditure was in excess of \$1,000; therefore, no 48-Hour Notice of Independent Expenditure report is required.
