TO WHOM IT MAY CONCERN;

I first went to Bonanza in 1943 with my parents at the age of 7. Bonanza has been a part of my life----we always drove the over 12 hours from Kansas in an old "Terraplane" which my folks had. The back seat was lined with blankets on which my brother and I sat (a bit high) during the drive.

I now am owner of the lots where my family had its home.

Please put my vote in to keep Bonanza "alive"----- i.e. incorporated. I was just there again this past May.

I am opposed to any attempt by anyone to abandon Bonanza.

Thanks. Elaine Lunt Stelter
