Subject: Comments to help shape Colorado's Election Rules>

Dear Mr. Secretary,

I ran for Boulder County Clerk and Recorder in order to warn the voters about the current level of insecurity in our voting systems.

The group, Verified Voting, has my full respect. As a software engineer holding two seminal software patents on data compression, I share all their concerns regarding the changes to rules that you are considering: Amendments to Rule 16.2.1(c) and Amendments to Rule 20.5.2(f).

Ralph Shnelvar
Chair, Libertarian Party of Boulder County
