Mr. Williams,

Please do not prove my gut instinct about you to be correct. I met you on several occasions, and did not trust you to be the Constitutional conservative that we so desperately need.

I urge you to permit email and web-based voting only in extenuating hardship circumstances where no postal mail is available.

We have plenty of people being elected as “Republicans”, then showing their Progressive values by working to further dismantle our Constitutional freedoms.

I beseech you to change course, take the high road, and do not go down that path.
