Please consider my feedback on these proposed amendments and **Reject** them.

Amended Rule 2.13.2: This would eliminate the requirement of election judges to maintain a log of new registered voters or of any changes made by register electors. These actions are critical to maintaining the integrity of fair and honest elections.

Amended Rule 8: This would not allow poll watchers to have any electronic device or mobile phone in their possession in the vicinity of the polling place. This is problematic because, without these, watchers would be unable to report voting irregularities in real time.

And allow poll watchers to have cell phones in order to report irregularities in a prompt manner.
