Hello:

We just wanted to make sure we were clear from our testimony at the hearing last week on 305.

We want the ability as a U voter to not to have to get a primary ballot at all. So can you put a form together that we can sign which allows us to opt out of all primary ballots / just the local primary ballot and vote in the Presidential one? so the county does not have to send us a ballot at all? We do not want to unregister as a voter and we still want a general election ballot. This would save the state some money if we know in advance we are not going to be voting.

Thank you.

JM Fay
