I agree with some of the other Notaries who have responded regarding the training at renewal requirement. I believe that it is the responsibility of the individual as a Notary Public to make sure they are following all rules and are staying up to date themselves on any changes to the laws. I don't see this new rule being beneficial to existing notaries. The emails and notifications I receive from the CO SOS I do read if there are any changes and adjust myself accordingly. Notifications and reading literature on any rule changes would suffice for me, not new training that I have to complete every time I renew.

Sincerely,
