Good Afternoon,

I have been a Notary Public for many, many years. I do read and respond to e-mails from the Secretary of State regarding Notary rules and try to stay current with them. I don't believe it's necessary to take a test every 4 years to renew my license, and suggest testing for new notaries only. I am the co-owner of a small business and only notarize papers necessary to conduct my business. I do not notarize for the general public. I believe the testing would not be cost effective for the Secretary of State as pertains to renewals.

Sincerely,

Bobette McCallum
