Hello,

I have been a Notary Public since 2013 and I'm writing to voice my support for the inclusion of a training requirement as part of the notary renewal process. This is consistent with other professional certification requirements; most licensing or certification boards require that professionals obtain ongoing training to demonstrate continued competence in their profession. I agree with the proposal that the inclusion of such a requirement will promote greater fluency in notary law for practicing notaries.

Best,  
Rachel
