I believe if your not a US Citizen you should not be allowed to obtain a Colorado Driver's License unless it's an International Driver's License w/ a valid driver's license from your country. I also believe if you can't produce a US Government ID then you can't vote. Do you know how many times I get asked for an ID in my daily travels for a myriad of events? Why am I getting asked and non-US citizens aren't?

Now you see why people are voting for Trump? He has a point. Oh, by the way I've spent almost my entire adult life overseas and they put people on flights and send them home who are illegal. They have road side spot checks to check for visas on a regular basis.

I laugh when I watch the news and see what's going on in America, and so do the foreigners. However, having said that they love Trump because he's strong and everybody loves a strong leader. They might act like they hate him but deep inside they are jealous of him.

I'm talking Middle East, Europe, Korea and Japan.

Colorado has been overran by Liberal Democrats from other states who have ruined there states or got pushed out i.e. California who nobody cares about anymore and Texas who they pushed them out.

BLUF: If you can't provide a valid non-expired US Government ID then you can't vote.
