Subject: [EXTERNAL] Petition to Audit Elections
Attachments: petition-2.pdf

To whom it may concern:

Attached is a completed petition to audit the Colorado 2020 elections. A forensic audit of the elections would end speculation on the results of the election and lay the ground work for fixing any issues that may arise from said audit. Regardless of party affiliation, our elections must have integrity otherwise we are no better than a banana republic.

Cheating has always been an issue since the beginning of our Republic and steps must be taken that cheating is minimized as much as possible. Lyndon Johnson gained his first election to the House of Representatives because the dead were resurrected. Let us ensure that the dead remain dead.

Sincerely,
Valerie Clark
