Dear SOS,

Please do not institute any of your proposed election rules changes. All are unconstitutional and remove local oversight.

I agreed with all the comments recorded in the CDOS webinar hearing on Election Rules.held on 8/3/2021.

I disagree with your actions to do updates to election tabulators that delete the 2021 tabulator records.

Because of your actions regarding the 2020 elections in Colorado, I ask for a full forensic election audit performed by an outside audit team chosen by a bipartisan Colorado Senate committee that has election oversight.

Sincerely,  
Rebecca White
