Subject: [EXTERNAL] Election Rule Changes
Date: Monday, August 9, 2021 8:36:11 PM

I am very much against the proposed rule changes for our future elections. The proposed changes are an invitation for election fraud. The secretary of state should never have that much power in the election process. These rule changes take the power from the people and centralize the entire election process into the hands of a few. This will undermine the voters choices in Colorado and greatly damage the integrity of future elections.
