Subject: [EXTERNAL] Regarding the: COLORADO SECRETARY OF STATE COLORADO PROPOSED ELECTION RULES;
Date: Sunday, August 8, 2021 3:24:45 PM

The vast majority of Colorado voters in my sphere of influence do not support any of the these proposed changes by the Secretary of State to our election rules. Voter ID, signature verification, bipartisan poll watchers, removal of deceased voters on to voter rolls, careful bipartisan scrutiny of the voting process, and the need for audits for any discrepancies that may come up are all necessary to safeguard voter integrity. We do not support the current practice of mail in ballots or any ballot harvesting by any party. My husband, my friends, and I do not believe these proposals will benefit us as citizens of Colorado. Please reconsider your position. Thank you, Michele & David
