Subject: [EXTERNAL] Jena Griswold's Block on CO Election Transparency
Date: Monday, August 9, 2021 3:10:43 PM

To Whom it May Concern,

Colorado elections belong to We The People.

Jena Griswold's June 17th emergency rules proclamation does not coincide with this constitutional truth.

Griswold unilaterally attempted to block election transparency in Colorado. Her action is legally questionable, truly outrageous and unethical.

I demand Secretary of State Griswold void her emergency rules on election audits in order to guarantee CO citizen's rights to free, fair, and transparent elections.

Sincerely,

Sabrina M. Crone
