Subject: [EXTERNAL] Comments on Proposed Rulemaking - Elections Rules
Date: Monday, March 18, 2024 1:32:53 PM

Hello;

I wish to comment on Proposed Election Rule 7.2.71 (C) which provides that "BEGINNING JULY 1, 2024, NO COUNTY CLERK MAY USE A BALLOT RETURN ENVELOPE WITH A HOLE OR ANY OTHER OPENING."

I am a blind person from Aurora, Arapahoe County. I still like to vote by mail. I understand that changes to the ballot envelope is being proposed. I use the holes in the ballot envelope to understand what is the front, back and as a tactile indication as to where my signature should go. I do like the holes. I am not opposed to change, but want to ensure that tactile indications of the front, back and where to sign the outside envelope. I hope this will be a state-wide change.
